Subject: Proposed devolpment of Reagans Mill Rd lots

To whom it may concern,

I would like to express a concern regarding the proposal to put multi unit housing on Reagans Mill Rd. purportedly owned by Charles Hatcher.

Would you please consider what a positive declaration of a negative impact according to the NYS SEQRA process will be? Additionally, can you please consider placing restrictions similar to those placed on the Reagans Mill homeowners Association?

Thank you,

Russell Infantino
