TOWN OF DOVER, DUTCHESS COUNTY**

Dear Mr. Kalin:

On December 13, 2012, the Dutchess County Department of Public Works (DCDPW) received the following:

- o Cover letter, dated December 13, 2012;
- o DCDPW Highway Work Permit Sight Distance Certification Form, dated December 14, 2012;
- o Site plan (8 sheets), dated January 11, 2011, revised December 10, 2012.

The DCDPW has reviewed these submittals and determined that the plans prepared for the subject project are acceptable in accordance with the DCDPW's *Policy and Standards for Access and Utility Work on County Highways*, dated April 1, 2009. The existing driveway will be reconstructed to Major Commercial criteria.

Please revise the plan to include the following:

1. The dimensions for the revised driveway width on CR21 should be shown on Sheet 2 of 8.
2. The location of the drive-thru clearance sign should be shown on Sheet 2 of 8.

At least two weeks prior to the start of construction, the property owner must apply for a Highway Work Permit. The following must be submitted with a completed Highway Work Permit Application:

1. Application fee.
2. Security deposit.
3. Insurance documentation from the contractor performing the work.

John A. Kalin, P.E.

4. Documentation from the Town granting final site plan approval.
5. Final site plan.

Contact the DCDPW at (845) 486-2928 if you should have any questions.

Sincerely,

Stephen E. Gill  
Traffic Engineer
