**Re: NYSDOT SEQRA# 10-0003
Rasco Materials Site Plan
2241 NYS Route 22, Wingdale
Dutchess County**

Dear Mr. Wylock:

The New York State Department of Transportation consents to the Town of Dover Planning Board serving as Lead Agency for the subject project review.

We have concluded a cursory review of the site plan for the subject location; we conceptually agree with the proposed project. However, a detailed engineering review will be required as part of our Highway Work Permit process.

The applicant should be directed to contact our local Highway Work Permit Engineer to initiate a Highway Work Permit review process. Please contact:

Chuck Walter, Permit Engineer
NYS Department of Transportation
334 Violet Avenue, Rte 9G
Poughkeepsie, NY 12601
(845) 473-3076

Thank you for your trust and interest in highway safety.

Very truly yours,

Chijioke K. Onyeche
SEQRA/ HWP Unit
