For the Fiscal Year Ending 2018

TOWN OF DOVER, NEW YORK
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE A - Summary of Significant Accounting Policies

The Town of Dover, New York (the "Town") was established in 1807, and operates in accordance with Town law and other general laws of the State of New York. The Town operates under a Town Board form of government, consisting of a Supervisor and four Councilmen. The Supervisor serves as the Chief Executive Officer and also serves as the Chief Fiscal Officer of the Town.

The Town provides the following services: general government support, highway maintenance, planning, zoning, building and safety inspection, lighting, water, and culture and recreation.

The financial statements of the Town have been prepared in conformity with the basis of accounting required by the New York State Comptroller's Office and described in the Uniform System of Accounts published by that office. It is a basis of accounting other than accounting principles generally accepted in the United States of America and more further explained in Note A 5.

1. The Reporting Entity

The Town, for financial purposes, includes all of the funds relevant to the operations of the Town of Dover, New York. The financial statements include organizations, functions and activities that are controlled by or dependent upon the Town. Control or dependence is determined on the basis of budget adoption, taxing authority, funding and appointment of the respective governing board. Under these criteria, no other entities are included in the Town's financial statements.

2. Fund Accounting

The accounts of the Town are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts, which are comprised of each fund's assets, liabilities, fund equity, revenues and expenditures. Government resources are allocated to and for individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report, into two fund types, as follows:

GOVERNMENTAL FUND TYPES

The accounting and reporting treatment applied to assets and liabilities associated with a fund are determined by its measurement focus. All governmental fund types are accounted for on a spending "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

General Fund

The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

TOWN OF DOVER, NEW YORK
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE A - Summary of Significant Accounting Policies (Continued)

2. Fund Accounting (Continued)

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trust or major capital projects) that are legally restricted to expenditures for specified purposes. Special Revenue funds include Highway, Drainage, Fire & Rescue, Lighting and Water.

Capital Projects Fund

This fund is used to account for financial resources to be used for the acquisition and construction of major capital facilities.

FIDUCIARY FUND TYPE

Trust and Agency Fund

Trust and Agency Fund is used to account for assets held by the Town in a trustee capacity, or as an agent for individuals, other governments, and/or other funds. Agency funds are custodial in nature (assets equal liabilities), and do not involve measurement of results of operations.

Scholarship Fund

The Recreation Scholarship Fund accounts for all donations and all disbursements as approved by the committee established for this purpose.

3. Schedules

Included in this report are schedules which are used to establish accounting control and accountability for Non-current Assets and Non-current Liabilities. These schedules are not "funds." They are concerned only with the measurement of financial position. They are not involved with the measurement of the results of operations.

Non-current Assets

Non-current Assets includes real and personal property, otherwise known as "fixed assets" with an estimated useful of generally more than three years and an original cost of \$5,000. The Town does not depreciate its non-current assets, but only accounts for additions and disposals. Deferred outflows related to the Town's proportional share of the NYS Employee Retirement System retirement liability are also considered non-current assets of the Town. Deferred outflows include the portion of the pension contribution made after the measurement date which is allocated to the current year.

TOWN OF DOVER, NEW YORK
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE A - Summary of Significant Accounting Policies (Continued)

3. Schedules (Continued)

Non-current Liabilities

Because of their spending measurement focus, expenditure recognition for governmental fund types is limited to exclude amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities until in the year due. Therefore, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The remaining portion of such obligations is reported in the Non-current Liabilities schedule. Such non-current liabilities include bonded debt, compensated absences amounts due employees in the future, the Town's proportionate share of the NYS Employee Retirement System net pension liability and post-employment benefits.

4. Fund Balance

The classifications of fund balance focus on the constraints imposed on resources in governmental funds, rather than on availability for appropriation. Fund balance is broken down into five different classifications: nonspendable, restricted, committed, assigned, and unassigned.

Nonspendable consists of assets that are inherently nonspendable in the current period either because of their form or because they must be maintained intact, including prepaid items, inventories, and principal of endowments.

Restricted consists of amounts that are subject to externally enforceable legal purpose restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation.

Committed consists of amounts that are subject to a purpose constraint imposed by a formal action of the government's highest level of decision-making authority before the end of the fiscal year and that require the same level of formal action to remove the constraint.

Assigned consists of amounts that are subject to a purpose constraint that represents an intended use established by the government's highest level of decision-making authority, or by their designated body or official. The purpose of the assignment must be narrower than the purpose of the general fund, and in funds other than the general fund, assigned fund balance represents the residual amount of fund balance.

Unassigned represents the residual classification for the government's general fund, and could report a surplus or deficit. In funds other than the general fund, the unassigned classification should be used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

TOWN OF DOVER, NEW YORK
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE A - Summary of Significant Accounting Policies (Continued)

5. Regulatory Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts, and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Under the Uniform System of Accounts prescribed by the New York State Comptroller's Office all governmental funds are accounted for using the "modified accrual basis" of accounting. Their revenues are recognized when they become measurable and available as net current assets. The period of availability is generally defined as including sixty days following the end of the fiscal year. However, grant revenues are recognized when the reimbursable expenditure is incurred. All major revenues are susceptible to accrual.

Expenditures are generally recognized under the "modified accrual basis" of accounting when the related fund liability is incurred. Exceptions to this general rule include: (1) accumulated unpaid vacation, sick pay, and other employee amounts which are generally not accrued; and (2) principal and interest on non-current debt which is recognized when due; and (3) expenditures for most inventory-type items which are recognized at time of purchase.

6. Cash and Investments

Cash includes amounts in demand and time deposits as well as short-term investments. State statutes and the Town's own investment policy govern the investment policies of the Town. The Town may invest its funds in banks or trust companies authorized to do business in the State of New York, as well as investing in obligations of the U.S. Treasury, U.S. Agencies, and obligations of the State of New York and its political subdivisions.

Demand and time deposits and repurchase agreements not covered by Federal Deposit Insurance, must be collateralized by the financial institutions with investments governed under state statutes. All of the Town's deposits were covered by Federal Deposit Insurance, or were collateralized with securities held by a third party custodian as of December 31, 2018.

7. Capital Assets

Currently, the Town has not adopted a formal Capital Asset Policy. However, capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation is not required to be reported under the NYS regulatory basis of accounting for governmental funds.

TOWN OF DOVER, NEW YORK
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE A - Summary of Significant Accounting Policies (Continued)

7. Capital Assets (Continued)

Infrastructure assets include roads, bridges, underground pipe (other than related to utilities), traffic signals, etc. These infrastructure assets are likely to be the largest asset class of the Town. The Town has not reported any of its capital and/or infrastructure assets in the financial statements.

8. Accumulated Compensated Absences

In governmental funds, the cost of vacation and sick leave is generally recognized when payments are made to employees. As of December 31, 2018 the total amount of accumulated unpaid compensated absences was \$89,089 and reported in the Non-current Liabilities Schedule.

As described in Note I, Post-employment Benefits, the Town offers paid health insurance coverage to most of its retired employees.

9. Property Taxes

The Town submits an approved budget to the County of Dutchess Commissioner of Finance by December 1st of the previous year. The County then establishes the warrant for the year which is due and payable on or about January 1st of each year. The Town collects the taxes on behalf of the Town and County without penalty through February 28th and with penalties and interest through May 31st. The Town receives its entire tax, leaving the unpaids to the County Commissioner of Finance. Taxes and accounts past due are re-levied by the County.

10. Budgets

The Town formally adopts a budget according to Town law. During the year, a budget was adopted and modified by the Town Board for the General Fund and Special Revenue Funds. However, for the Capital Projects Fund, budgets are established at the project level and continue until the project is completed. Unused appropriations of the annually budgeted funds lapse at the end of the year.

11. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded for budgetary control purposes to reserve that portion of the applicable appropriations, is employed as a control in preventing over expenditure of established appropriations. Open encumbrances are reported as assigned fund balance since they do not constitute expenditures or liabilities and will be honored through budget appropriations in the subsequent year.

TOWN OF DOVER, NEW YORK
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE A - Summary of Significant Accounting Policies (Continued)

12. Insurance

The Town assumes the liability for most risk including, but not limited to, property damage and personal injury liability. Such risks are covered by the purchase of commercial insurance. Judgments and claims are recorded when it is probable that an asset has been impaired or a liability has been incurred and the amount of loss can be reasonably estimated. Workers compensation coverage is provided through a retrospective policy, wherein premiums are recorded based on the ultimate cost of the experience to date of workers in similar occupations.

13. Use of Estimates

The preparation of financials statements, in conformity with the basis of accounting required by the New York State Comptroller’s Office and described in the Uniform System of Accounts published by that office, requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

NOTE B - Interfund Activity

The following is a summary of amounts due from and due to other funds, as of December 31, 2018. No interfund transfers occurred during the fiscal.

FUND	AMOUNT RECEIVABLE	AMOUNT PAYABLE
Capital	\$ 397,574	\$ (297,574)
Community Dev.	-	(100,000)
TOTALS	\$ 397,574	\$ (397,574)

NOTE C - Bond Anticipation Note Payable

Bond anticipation notes can be used for any purpose for which bonds are authorized, and are generally accounted for in the Capital Projects Fund, since maturities cannot exceed one year. Local finance law allows the notes to be renewed, up to five years for capital purposes and up to the period of probable usefulness for assessable improvements, provided that stipulated annual reductions of principal are made. The Town had the following Bond Anticipation Notes outstanding at December 31, 2018:

TOWN OF DOVER, NEW YORK

Mack Truck, Loader, Dodge 5500	10/15/18	10/15/19	3.30%	525,609	480,000
					\$ 523,800

NOTE D - Long Term Liabilities

The Town borrows money in order to acquire land or equipment, to construct buildings or to make public improvements. This enables the cost of these capital assets to be borne by the present and future taxpayers receiving the benefit of the capital assets. These long-term liabilities are backed by the full faith and credit of the Town. The provision to be made in future budgets for capital indebtedness represents the amount, exclusive of interest, authorized to be collected in future years from taxpayers and others for liquidation of long-term liabilities. The Town did not have any bonded debt outstanding at December 31, 2018.

NOTE E – Installment Purchase Contracts

Installment Purchase Contracts can be issued for the purpose of financing of equipment, machinery or apparatus, and shall not exceed the period of probable usefulness of the asset.

The installment purchase contracts outstanding at December 31, 2018 are as follows:

PURPOSE	ORIGINAL	MATURITY	INTEREST	ORIGINAL	AMOUNT

NOTE G – Pension Plans – Employee Retirement System

1. Plan Description

The Town participates in the New York State and Local Employees' Retirement System (ERS) and the Public Employees' Group Life Insurance Plan (Systems). These are cost-sharing multiple-employer retirement systems. The Systems provide retirement benefits as well as death and disability benefits. Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law (NYSRSSL). As set forth in the NYSRSSL, the Comptroller of the State of New York (Comptroller) serves as sole trustee and administrative head of the Systems. The Comptroller shall adopt and may amend rules and regulations for the administration and transaction of the business of the Systems and for the custody and control of their funds. The Systems issue a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the New York State and Local Retirement Systems, 110 State Street, Albany, NY 12244.

2. Funding Policy

The Systems are noncontributory except for employees who joined the New York State and Local Employees' Retirement System after July 27, 1976 who contribute a minimum of 3% of their salary.

Under the authority of the NYSRSSL, the Comptroller shall certify annually the rates expressed as proportions of payroll of members, which shall be used in computing the contributions required to be made by employers to the pension accumulation fund.

TOWN OF DOVER, NEW YORK
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE G – Pension Plans – Employee Retirement System (Continued)

2. Funding Policy (Continued)

The Town is required to contribute at an actuarially determined rate. The required contributions for the current year and two preceding years were:

	<u>ERS</u>
2018	\$ 149,290
2017	\$ 149,197
2016	\$ 141,057

The Town's contributions made to the Systems were equal to 100 percent of the contributions required, whether paid in full or amortized, for each year.

3. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2018 the Town reported a liability of \$112,842 for its proportionate share of the net pension liability. This amount is recorded as a long-term liability due to the NYS Retirement System. The net pension liability was measured as of March 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined.

At December 31, 2018, the Town's proportion was .0034963 percent of the Employers' Retirement System liability.

For the year ended December 31, 2018, the Town recognized pension expense of \$157,400. At December 31, 2018, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 40,247	\$ 33,259
Changes of Assumptions	74,823	-
Net difference between projected and actual earnings on pension plan investments	163,894	323,510
Changes in proportion and differences between Town contributions and proportionate share of contributions	73,292	8,641
Town contributions subsequent to the measurement date	110,820	-
Total	\$ 463,076	\$ 365,410

TOWN OF DOVER, NEW YORK
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE G – Pension Plans – Employee Retirement System (Continued)

3. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

\$110,820 reported as deferred outflows of resources related to pensions resulting from the Town's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended March 31:	
2019	\$ 45,136
2020	36,529
2021	(68,052)
2022	(26,766)
2023	-

Actuarial Assumptions

The total pension liability at March 31, 2018 was determined by using an actuarial valuation as of April 1, 2017, with update procedures used to roll forward the total pension liability to March 31, 2018.

The actuarial valuation used the following actuarial assumptions.

	<u>ERS</u>
Inflation rate	2.5%
Salary increases	3.8%
Investment rate of return	7.0%
Cost of living adjustments	1.3%

Annuitant mortality rates are based on April 1, 2010 – March 31, 2015 System experience with adjustments for mortality improvements based on Society of Actuaries' Scale MP-2014.

The actuarial assumptions used in the April 1, 2017 valuation are based on the results of an actuarial experience study for the period April 1, 2010 – March 31, 2015.

The long term expected rate of return on pension plan investments was determined in accordance with Actuarial Standard of Practice (ASOP) No. 27, Selection of Economic Assumptions for Measuring Pension Obligations. ASOP No. 27 provides guidance on the selection of an appropriate assumed investment rate of return. Consideration was given to expected future real rates of return (expected returns, net of pension plan investment expense and inflation) for equities and fixed income as well as historical investment data and plan performance.

**TOWN OF DOVER, NEW YORK
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE G – Pension Plans – Employee Retirement System (Continued)

3. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of March 31, 2018 are summarized below.

Asset Class	Long-Term Expected Real Rate of Return
Domestic Equity	4.55%
International Equity	6.35
Private Equity	7.50
Real Estate	5.55
Absolute Return Strategies	3.75
Opportunistic Portfolio	5.68
Real Assets	5.29
Bonds & Mortgages	1.31
Cash	-0.25
Inflation-Indexed Bonds	1.25

Discount Rate

The discount rate used to calculate the total pension liability was 7.0%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon the assumptions, the System’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to the Discount Rate Assumption

The following presents the Town’s proportionate share of the net pension liability calculated using the discount rate of 7.0 percent, as well as what the Town’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentagepoint lower (6.0 percent) or 1-percentage-point higher (8.0 percent) than the current rate:

	1% Decrease (6.0%)	Current Discount (7.0%)	1% Increase (8.0%)
	_____	_____	_____
Town's Proportionate Share of the Net Pension Liability (Asset)	\$ 853,791	\$ 112,842	\$ (513,971)

3. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Pension plan fiduciary net position

The components of the current-year net pension liability of all employers as of March 31, 2018, were as follows:

	(Dollars in Thousands)		
	Employees’ Retirement System	Police & Fire Retirement System	Total
Employers’ total pension liability	\$ 183,400,590	\$ 32,914,423	\$ 216,315,013
Plan net position	180,173,145	31,903,666	212,076,811
Employers’ net pension liability	\$ 3,227,445	\$ 1,010,757	\$ 4,238,202
Ratio of Plan net position to the employers’ total pension liability	98.24%	96.93%	98.0%

NOTE H – Pension Plans – Volunteer Firefighter Award Program

1. Plan Description

The Town’s financial statements are for the year ended December 31, 2018. However, the information contained in this note is based on information for the Length of Service Awards Program for the plan year ending on December 31, 2017, which is the most recent plan year for which complete information is available.

The Town of Dover established a defined contribution Service Award Program (referred to as a “LOSAP” - Length Of Service Award Program - under Section 457(e)(11) of the Internal Revenue Code) effective January 1, 2016 for the active volunteer firefighter members of J.H. Ketcham Hose Company, Inc./ Dover Fire Protection District. The Program was established pursuant to Article 11-A of the New York State General Municipal Law. The Program provides municipally-funded deferred compensation to volunteer firefighters to facilitate the recruitment and retention of active volunteer firefighters. The Town of Dover is the Sponsor of the Program. The program is administered by the Office of the New York State Comptroller (OSC). The OSC has contracted with Penflex, Inc. located in Latham, New York to be the Program Administrator.

TOWN OF DOVER, NEW YORK
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE H – Pension Plans – Volunteer Firefighter Award Program (Continued)

2. Participation, vesting and service credit

In a defined contribution LOSAP, each Participant has an individual Program account. An eligible Program Participant is an active volunteer firefighter who has earned one (1) year of Service Award Program service credit who has not waived participation in the Program. Each Participant's individual Program account is credited with a service award contribution as of the end of each calendar year during which the volunteer met the requirements to earn a year Service Award Program service credit. The Participant is paid his or her account balance upon attainment of the Entitlement Age. The Program's Entitlement Age is 62. The amount paid will vary depending upon the number of years of service credit earned by the Participant and the investment income (less administrative and/or investment expenses not paid by the Program Sponsor) earned by the Program assets and allocated to the Participant's Program account.

Participants acquire a non-forfeitable right to be paid their Program account balance after earning credit for five (5) years of service, attaining the Program's Entitlement Age while an active volunteer firefighter, upon death after having earned at least five (5) years of service credit or after becoming totally and permanently disabled. An active volunteer firefighter earns a year of Service Award Program service credit for each calendar year ending after the effective date of the establishment of the Program in which he or she accumulates fifty (50) or more points. Points are granted for the performance of certain firefighter activities in accordance with a system established by the Sponsor on the basis of a statutory list of activities and point values. A Participant may also receive Service Award Program credit for five (5) years of active volunteer firefighting service rendered immediately prior to the establishment of the Program as an active volunteer firefighter member of the J.H. Ketcham Hose Company, Inc./ Dover Fire Protection District.

3. Benefits

A Participant's benefit under the Program is his or her Program account balance paid upon application to the Program Administrator on or after the attainment of the Entitlement Age in the form of a lump sum. The participant may elect to be paid in annual installments over a 2, 3, 4, or 5 year period, in lieu of one lump sum. The annual contribution paid by the Town of Dover and credited to the account of a participant who earned at least fifty points during a calendar year is currently \$700.00. The maximum number of years of service credit a participant may earn is 40 years under the program. Except in the case of Pre-Entitlement Age death or total and permanent disablement, a Participant's account balance will not be paid until a Participant applies for payment and attains the Entitlement Age. Volunteers who are active after attaining the Entitlement Age continue to have the opportunity to earn Program credit and to thereby be paid additional service awards. The Pre-Entitlement Age death and disability benefit is equal to the Participant's Program account balance as of the calendar year quarterly valuation date preceding the date of death or disablement. The Program does not provide extra line-of-duty death or disability benefits. All death and disability benefits are self insured and are paid from the Program trust fund.

For a complete explanation of the program, see the Program Document a copy of which is available from the Town of Dover Town Clerk.

**TOWN OF DOVER, NEW YORK
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE H – Pension Plans – Volunteer Firefighter Award Program (Continued)

4. Fiduciary Investment and Control

After the end of each calendar year, the fire company prepares and certifies a list of names of all persons who were active volunteer members of the fire company during the year indicating which volunteers earned fifty or more points. The certified list is delivered to the Town of Dover for review and approval by the Town of Dover Board. The fire company must maintain the point system records to verify each volunteer’s points on forms provided and/or approved by the Town Board.

The OSC has retained Penflex, Inc to assist in the administration of the program. The services provided by Penflex, Inc are described in the contract between Penflex, Inc and the OSC. The OSC has retained Glens Falls National Bank to be the Program Trustee.

Based on the certified calendar year volunteer firefighter listings, Penflex determines and certifies in writing to the Town and the Program Trustee the amount of the service award to be paid to a participant or to a participant’s designated beneficiary. Penflex then authorizes in writing the Program Trustee to pay the service award (i.e. the participant’s Program account balance). No service award benefit payment is made without the written certification from Penflex and the written directive from Penflex to the Program Trustee.

Penflex bills the OSC for the services it provides. Upon approval and authorization by the OSC, Penflex invoices are paid from the Sponsors program assets within the program trust fund maintained by the Program Trustee.

Program assets are required to be held in trust by Article 11-A, for the exclusive purpose of providing benefits to participants and their beneficiaries or for the purpose of defraying the reasonable expenses of the operation and administration of the program. The Town and the OSC created a Service Award Program Trust Fund through the adoption of a Trust Document issued by the Program Trustee, a copy of which is available from the Town of Dover Town Clerk.

Authority to invest the Program assets is vested in the Program trustee. Program assets are invested in accordance with a statutory prudent person rule and an investment policy selected by the OSC.

NOTE I- Other Postemployment Benefits

Plan Description

The Town provides postemployment health insurance coverage to retired employees through a self-administered single employer plan in accordance with the provisions of various employment contracts and human resource policies. The benefit levels, employee contributions and employer contributions are governed by the employee contractual agreements. A trust that meets the criteria in paragraph 4 of GASB Statement 75 has not been established.

**TOWN OF DOVER, NEW YORK
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE I- Other Postemployment Benefits (Continued)

Benefits Provided

The Town’s OPEB plan subsidizes the cost of healthcare to eligible retired employees and their spouses and dependent children. Eligibility is based on the contract with NYSHIP as well as the provisions of the Town’s agreements with its employees. All full time employees are eligible after 5 years of continued service.

Medical and prescription drug benefits are offered to retirees on a Town-subsidized basis. Upon attaining age 65 or upon disability retirement, Medicare (Parts A and B) becomes the primary provider for hospital insurance and supplementary medical insurance, with the Town’s plan providing an additional layer of coverage. The Town reimburses Medicare Part B premiums for retirees and their spouses, but not those of surviving spouses.

The benefit terms are dependent on which contract covers each employee for contribution rates for new retirees are as follows:

Group	Provider Options	Years of Service		Town Contributions (Fixed)		Reimburse Part B Premium		
				Individual	Family	Individual	Spouse	Surviving Spouse
Staff	NYSHIP	5 - 25+	under 65	1,014.98	2,348.15	Y	Y	N
Highway	NYSHIP	5 - 25+	under 65	1,014.98	2,348.15	Y	Y	N
Retiree	NYSHIP	5 - 25+	over 65, 0 on Medicare	1,014.98	2,348.15	Y	Y	N
Retiree	NYSHIP	5 - 25+	over 65, 1 on Medicare	444.39	1,777.54	Y	Y	N
Retiree	NYSHIP	5 - 25+	over 65, 2 on Medicare	N/A	1,206.95	Y	Y	N

The Town’s contribution is equivalent to the portion of health insurance premiums paid that are allocated to retirees, estimated to be \$71,770 during the year ended December 31, 2018.

Employees Covered by Benefit Terms

At December 31, 2018, the following employees were covered by benefit terms:

Active employees	15
Retired	5
Total employees covered by benefit terms	20

TOWN OF DOVER, NEW YORK
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE I- Other Postemployment Benefits (Continued)

Total OPEB Liability

The Town obtained an actuarial valuation report as of December 31, 2018. The liability for other postemployment benefits was measured as of December 31, 2018 and totaled \$4,944,665.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation Rate	3.00%
Projected Salary Increases, Including Wage Inflation	3.00%
Discount Rate	3.64%
Healthcare Cost Trend Rates	Ranging from 8% for Pharmacy and medical, reduced incrementally to an ultimate rate of 5.0% after 7 years
Current Retiree's Share of Benefit Related Costs	None
Future Retiree's Share of Benefit Related Costs	None

- The discount rate was based on a review of the yield derived from the 20 Year High Grade Bond Rate Index per S&P Investments.
- Mortality Rates were based on April 1, 2010 – March 31, 2015 NYSLRS experience with adjustments for mortality improvements based on the RP-2014 table MP-2016 projection.

TOWN OF DOVER, NEW YORK
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE J- Property Tax Abatements

The Town has 1 real property tax abatement agreement entered into by the Town under Article 18-A of the real property law. These agreements provide for abatement of real property taxes in exchange for a payment in lieu of taxes (PILOT) in compliance with RPTL 412-A, Article V & XI of the Private Housing Finance Law, Title I of Article 18-A of NYS GML Exemption Policy. In accordance with these provisions, the Town of Dover & the Dutchess County IDA grant PILOTs for various activities, such as new construction, purchasing of an existing facility, or the improvement or expansion of an existing facility.

The following provides information related to the PILOT agreement in effect for the year ended December 31, 2018:

<u>Start</u> <u>Date</u>	<u>Agreement</u>	<u>Taxable</u> <u>Assessed</u> <u>Value</u>	<u>Tax</u> <u>Rate</u>	<u>Taxes</u> <u>Calculated</u>	<u>PILOT</u> <u>Received</u>	<u>Taxes</u> <u>Over</u> <u>Abated</u>
01/01/17	Cricket Valley Energy Center LLC	684,500	0.05385	\$ 36,860	\$ 148,932	\$(112,072)

The Town's share of construction period PILOT payments exceeded the taxable assessed value for the year ended December 31, 2018.

NOTE K- Commitments and Contingent Liabilities

Lawsuits and Claims

The Town is a defendant in various lawsuits and tax certiorari cases. The ultimate outcome of these cases and lawsuits is not determinable as of the report date. However, in the opinion of the Town's counsel, the ultimate resolution of these proceedings will not have a material effect on the Town's financial position.

NOTE L – New Reporting Standards

GASB has issued Statements 83 through 90, none of which are expected to have any substantive effects on the Town's financial position.

NOTE M – Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is April 30, 2019.
